ROARING SPRING<sup>®</sup> PAPER PRODUCTS  
ROARING SPRING, PA 16673

## Our Mission

To continue the family tradition of providing enhanced value to the note-taking experience.

---

## Our Customer Focus

We are committed to meeting or exceeding our customers' expectations. We provide the highest quality products, the most courteous service, the fastest response times and complete and accurate communications. Our Supplier Achievement Award from Intertek Inc. serves as a symbol of this commitment.

---

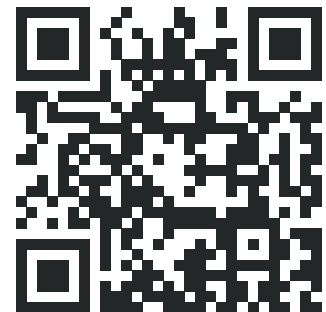

## Our Facilities

Nestled in the Allegheny Mountains approximately 100 miles east of Pittsburgh, PA, our production and warehousing operations are 95% landfill-free. We divert millions of pounds of scrap material away from landfills annually. We are a member in good standing of the Fair Labor Association.

---

## Our History

Founded in 1887 by D.M. Bare, the company has been an integral part of the Roaring Spring community for more than 135 years. Many of our employees have multi-generational ties to our company. Now led by fifth and sixth generation descendants of Mr. Bare, the company prides itself on remaining a family-owned, American manufacturing company.

## GREAT PRODUCT AND SO MUCH FUN!

“The class has had a great time doodling and incorporating the figures into their work. This is a highly motivational tool for my kids that have been struggling with writing.”

# Ink What You Think™

## Pro Tip:

Host a notebook decorating event and invite students to gather in your store to create their personal masterpiece. Offer a discount on stickers or markers for that evening only to encourage students to purchase other items from your store to use on their cover!

10000

Students love to express their individuality with stickers and doodles - just look at their water bottles and laptop cases. Ink What You Think™ is a premium notebook with a cover that is a blank slate just waiting for the user to add their personal touch. Customers can add stickers, drawings, or even washi tape to create a cover that is uniquely theirs.

Smooth, 20# heavyweight paper for an excellent writing experience with any writing instrument.  
Porous pens won't bleed through!

Engineering notebooks include a protective cover and are wirebound so they lay flat. Micro-perforated pages tear out easily, and the books include an oversize double pocket to easily store 8 1/2" x 11" handouts or notes.

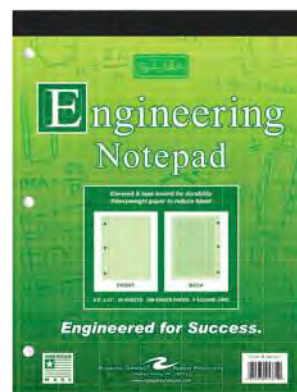

32382

11382

Cloth-bound cover and heavyweight back give your notes extra protection and stability.

95371

## Pro Tip:

If you have an engineering school, work with the professors to create an Engineering Starter Kit to give away to first year Engineering majors. When the student runs low on those items, they will come back to your bookstore to purchase more. Often they'll continue to buy these items from your store for their entire degree program and long into their career.

# Poly Covered Commodity Products

## Pro Tip:

You should have value products available, but don't feature them. Put them on a low shelf at the back of the supply section. If a student is only going to buy 1-3 notebooks, you want it to be imprints or value-added products.
